@ Elizabeth Church of Christ Cnr Short & Ashfield Roads, Elizabeth

## Resilience, Growth & Sustainability with Dr Rick Lewis

Effective leaders have effective strategies for reflecting, learning, growing, longevity and being accountable. This is why professional supervision and mentoring is so vitally important. Professional consultant and ministry mentor **Dr Rick Lewis** will spend the day with us talking through the importance of this leadership strategy addressing questions such as:

*"Why should I consider having a ministry mentor/supervisor?"*

*"What could I expect gain from this?"*

*"Is this a ministry that I could possibly offer to others?"*

We'll also hear from **Sharon Lanfear**, CEO Ugly Duckling Company in the UK. Sharon will be updating us of Australian based stories where leaders have used their community engagement resources in very effective ways to start meaningful spiritual conversations.

**Cost - \$50 per person (includes lunch and refreshments).**

**R.S.V.P. by Friday 9th November**
